VETS' GRAVES IN EVERGREEN GET MARKERS

Adams County has changed the war veteran markers on 386 graves in Evergreen Cemetery. The cost, according to the bill presented to the commissioners at their meeting this morning, was \$209.50.

Decision to change the markers came some months ago when the county decided that the expense of replacing bronze markers stolen from the cemetery warranted consideration of another way to mark the veterans' graves.

It was decided to place a shaft of concrete in the ground and imbed in the top of the concrete block a bronze marker that could be removed only by removing the concrete. The bronze marker is level with the ground and the concrete has an opening to permit placing the flag on the grave at Memorial Day.

Howard Kitzmiller, superintendent of the Evergreen Cemetery, told the commissioners this morning that he appreciates the new markers. Being flush with the ground, they permit easier mowing.

Of the 386 veterans buried in Evergreen, according to the report to the commissioners, 12 are Revolutionary War veterans, including the founder of Gettysburg, James Gettys. The others are William McClellan, Samuel R. Russell, William McPherson, Emanuel Zeigler, George Hossler, John Troxell, William Hamilton, Robert McConaughy, Leonard Dill, Robert Smith and Francis L. Kelly.

COUNTY FACES SMALLER CROP OF PEACHES

Adams County's 1,800,000 peach trees will give a "reduced crop" this year but "the county has fared better than many other sections of the state," according to County Agent Frank Zettie.

Statewide the peach crop is estimated to be the smallest since 1950. Zettie explained that the sustained cold of the winter and poor pollination weather in the spring has cut the possible crop in the county, but added that "as a whole our peaches are placed on better sites than those in many other sections of the state and so we did not have the damage that occurred in some sections. There have been some trees killed in the county by the long cold periods of the winter, but the number is not large. There has been some damage among the newer New Jersey varieties which appear to be a little more subject to freezing than some of the older varieties."

The state report holds that the Berks-Lehigh area was especially hard hit by the cold, wet weather of the spring. The "sustained extreme cold of the winter killed some peach trees and froze many fruit buds deep in the wood," according to the state-wide report.

CROP REPORT

The state Crop Reporting Service estimates the prospective peach harvest throughout the state at 2.2 million bushels. According to U.S. Census figures, Adams County alone in many years has produced more than 2,000,000 bushels of peaches.

County Agent Zettie said the expected Adams County cherry crop will be "light because of a combination of winter injury and poor pollination and there is some brown rot because of the long bloom period."

"Apple trees should produce a 'good crop' throughout the state as well as in Adams County. The state report holds: 'Apple trees came through the winter in good shape and had a good, though late, bloom.'"

Zettie said that Adams County can expect "a very nice crop of apples, although Yorks seem a little lighter than one would wish."

EISENHOWER GETS YORK GIFT TUESDAY NIGHT

General Dwight D. Eisenhower visited York as a private citizen Tuesday night and received an unusual gift.

The occasion was a meeting of the Manufacturers' Association of York, in the Country Club of York, where upwards of 300 industrial leaders paid tribute to the ex-president at an informal dinner.

The nation's former chief executive had expressed a wish that he be treated as a private citizen. His hosts respected his request except that they published his picture on the front cover of a dinner program as a "guest of honor."

One of the speakers at the Association's summer symposium was Walter G. Barlow, president, Opinion Research Corporation, Princeton, N. J.

IS PRESENTED GIFT

J. Herbert Lindholm, association president, presented to Gen. Eisenhower three framed documents, the initial land warrant and original surveyor's papers of the area encompassing the Eisenhower farm.

The papers from the collections of the Historical Society of York County are dated 1762 and bear the signature of James Hamilton, an agent for the heirs of William Penn. At the time the survey was made, the Eisenhower farm, Cumberland Twp., Adams County, was part of York County.

In an attempt to make the gift more meaningful to their distinguished neighbor, the local employers' organization obtained an old timber from the historic Gates House to frame the documents. This home, the residence of General Horatio Gates, was where the Marquis deLafayette was said to have made a speech destroying the Conway Cabal conspiracy to overthrow Washington as commander-in-chief of the Continental Army.

COUNTY SEEKS FOSTER HOMES FOR AGED AND HOME VISITORS

The Adams County commissioners today asked for names of persons who would like to provide foster homes for older people and individuals who would like to serve in "home visitor" program to assist elderly persons.

The idea of foster homes for adults and the possibility of visitors to "look in on" elderly folk who may need only a small amount of help per day had been discussed by the commissioners before, but this morning marked the first time the commissioners decided to "make a beginning" at getting such a program underway immediately.

Several problems of care currently before the commissioners led to the "go ahead" decision. "WAITING LIST" AT HOME

At their meeting this morning the commissioners noted that there is already a "fairly long" waiting list for admission to the county home. They also expressed the opinion that the county home should be a place for the care of elderly people who have chronic illnesses or conditions which require permanent, regular care.

The foster home idea is based upon providing a good place for the elderly individual, or even some younger person who needs some "looking after," but not the full scale care given by the county home. The persons to be cared for could range from elderly, who would be able to care for himself generally, but needs a home; to younger retarded adults who are perfectly able to do what they are told to do but are unable to "shift for themselves," and for which there are no institutions because they are far above the level requiring institutional care. MAY SAVE MONEY

Those interested in either type of service should notify the commissioners' office at the courthouse, it was decided. County (Continued On Page 2)

"Little Joke," Ike Replies

YORK, Pa. (AP) — A reporter asked former President Dwight D. Eisenhower Tuesday night whether he was planning to run for the U. S. Senate next year with Sen. Hugh Scott, (R-Pa.) as his running mate for governor of Pennsylvania. Eisenhower gave his familiar broad grin and asked: "Do you want me to faint?" Reporter Wyles Loucks of the York Dispatch said he had heard such rumor. Replied Ike: "They are making a little joke out of that. They forget I'm 70 years old."

The former President will be 71 on October 14. When he Tuesday night for an industrial dinner in his honor, Eisenhower looked trim, tanned and fit.

three contacts with prospective industries during the last month. He announced that arrangements "are shaping up rapidly" for the Hercules Alcor Chemical plant secured since the last meeting of the committee. Paul Chromwell, vice president of the Hercules Company, said it plans to have its new plant at Seven Stars in production "before the end of July."

Gaines stressed that industrial committee work "is not just a one-day or a one-season show, but of necessity a permanent part of our economic setup. We have made some study of similar committees in other areas which have done an outstanding job of securing industry for the communities. They all point out that the secret of their success is continuous, year-after-year effort. A contact made now means nothing if it cannot be followed up possibly 10 years from now when the plant is considering moving or expanding."

The committee's next meeting will be held July 25 at Hotel Gettysburg.

HOUSE WEIGHS SCHOOL FUNDS

HARRISBURG (AP)—A bill to restore special payments to four school districts from the state school fund is before the House.

The Senate approved the plan Tuesday by a vote of 50-0.

All special payments from the fund were cut off by a 1959 law and diverted to fire hazard repairs.

The districts are Olyphant, Lackawanna County; Houtzdale-Woodward-Brisban, Clearfield County; and Mahanoy Twp. and McAdoo, both in Schuylkill County.

Al. had been granted special relief to meet public school building authority rentals on classrooms. The Houtzdale District received \$8,569 of a \$32,700 grant before the cutoff. The new bill would allow payment of the \$24,231 balance at the rate of no more than \$2,500 a year.

The other three received no money although grants in these amounts were made: McAdoo, \$5,000; Mahanoy Twp., \$4,800, and Olyphant, \$10,000.

BOMB HALTED KOREAN FIGHT

NEW YORK (AP)—Sherman Adams says the Korean war was ended in 1953 as the result of an indirect threat by this country to use the atomic bomb.

Adams, former assistant to President Eisenhower, says the idea for the threat came from Gen. Douglas MacArthur.

Adams relates the incident in his book, "First-Hand Report," which was published Tuesday. "MacArthur was sure that there was not the remotest chance we would actually have to carry out the threat," Adams writes. "The Communists would simply throw up their hands, and the war would be over."

Adams said the threat was implied in government statements and in the movement of atomic missiles to Okinawa.

Eisenhower's closest friends, Adams relates, believe he "might have considered running for a third term if there had been no constitutional prohibition against it."

NEW YORK (AP)—Hundreds of longshoremen staged a protest work stoppage today, causing a virtual paralysis in harbor operations already hit by a sweeping maritime strike.

(Continued From Page 1)

Home Superintendent W. E. Jordan will visit the homes offered as foster homes, acquaint the families with the needs and in general supervise the homes when any are established.

E. Donald Scott, president of the commissioners, said this morning: "If we can only get one home established, I think we can work this out to a great saving to the county in time, plus good care for those who need it."

In connection with the "home visitor" idea, the commissioners expressed the belief some women's groups may wish to volunteer and set up schedules whereby members would serve certain hours in a capacity "like the nurses' aide setup at the present time."

Much of the morning was given to county home matters. The commissioners gave full approval to a system by which Superintendent Jordan is the only person authorized to see that all papers asking admission are properly filled out and then visit the person for whom admission is sought to determine that the individual wishes to go to the home.

CRUTCHES CAN BE LAID AWAY

WASHINGTON (AP) — President Kennedy has received permission to throw away his crutches—probably Thursday and the White House indicates the worst of his back ailment is over.

The word he has been traveling for came from Dr. Janet Travell, the White House physician, and two outside specialists in orthopedics, the branch of medicine concerned with bone and joint injuries.

They checked him over and talked with him for more than a half hour late Tuesday.

Afterward, assistant press secretary Andrew T. Hatcher said that in their combined opinion Kennedy's progress is satisfactory. Hatcher added: "He will be able to conduct his daily schedule without the aid of crutches in two days."

That would mean some time Thursday, although Hatcher declined to be more definite. Kennedy has been walking with them since June 9.

Hospital Questions

Why was the surgical improvement program not carried out in 1957 at the time of the building program for the South Wing?

Originally, it was hoped that the enlargement of the surgical area could be undertaken simultaneously with the construction of the South Wing. However after considering the health hazards involved in enlarging and remodeling the surgical department in its existing quarters and at the same time attempting to continue surgical care, the plan for enlarging surgery was put aside. The other alternative of closing down surgical activity during the long period of construction was obviously impossible.

The construction of a new and greatly enlarged surgical suite to be added as a second floor to the hospital's North Wing allows the surgical department to continue in full operation throughout the construction period.

If you have any questions you would like to ask about the hospital or the current surgical floor fund, just send them to P. O. Box 85, Gettysburg.

Red Sets High Jump Record

BOSTON (AP) — John Thomas isn't too concerned with the current controversy about whether or not Russian Valery Brumel has broken his world high jump record.

"That's fine," John said when he heard of Brumel's 2.23 meter leap Sunday in Moscow. "But I'm more concerned with my own performance than with Brumel's."

Thomas holds the recognized world standard of 7 feet, 3¼ inches.

There is some confusion just how Brumel's leap will be measured, because it must be converted to feet and inches—it comes to 7 feet, 3.45 inches — and according to U.S. standards reduced to the next lowest quarter of an inch. That would make Thomas and Brumel even at 7-3¼.

Thomas is more interested in getting himself primed for the AAU meet in New York, this weekend and subsequent events in Europe in which he will again meet Brumel in competition. Brumel defeated him in three meets last winter.

County Principals In Wedding

A pretty wedding was solemnized Saturday evening at 6 o'clock in Bender's Lutheran Church when Miss Alice Nellie Bowers, daughter of Mrs. Nellie Bowers, of Heidensburg, was united in marriage with Professor John W. Black, son of Mr. and Mrs. Charles W. Black, of Gettysburg, R. D.

The Rev. H. W. Sternat, pastor of the church, officiated. The single-ring ceremony of the church was used.

Kenneth Guise played the wedding march by Mendelssohn. Dale Roth sang "O Promise Me" and "Because" accompanied on the piano by his sister, Miss Alma Roth.

Local People At GAR Meet:
Mrs. Nicholas Redding, Mrs. Emma Mundorff, Mrs. Walter Plank, Mrs. Helen Swisher and Mrs. Edward Dougherty left this morning to spend the week at Williamsport where they will represent Circle 38, Ladies of the GAR encampment in that city. Mrs. Redding is state chaplain of the organization.

The Rev. and Mrs. L. B. Hafer and Mrs. George R. Bixler left this afternoon for the encampment.

Major O. G. MacPherson and Captain E. F. Strausbaugh, of the Sons of Veterans Reserves here, are at camp at Williamsport.

New Library Dedicated At Nawakwa: The new library at Camp Nawakwa, the Lutheran leadership training camp north of Brysonia, was dedicated to "service in the interests of intelligent preparation for definite Sunday school and church work" at special exercises Sunday afternoon at 3 o'clock at the camp. Several hundred persons attended the services.**Longest Day Opens Summer:** Although the summer season is credited with ending on September 21, this year it will officially end on September 23. It is on that day that the sun will reach its position directly over the equator on its annual trip southward.

There was 15 hours and eight minutes of sunlight on Sunday which was the beginning of summer. The sun rose at 4:32 a.m. and sunset occurred at 7:40 p.m. the longest day of the year.

The advent of summer finds the wheat harvest in Adams county in full swing. A few fields were cut last week but the greater part was not started until Monday and today. The wheat harvest is more than a week earlier than usual due mostly to the drought conditions existing here several weeks ago.

Many Foresee Increase In Motor Travel: If motor travel into Gettysburg maintains the same pace during the balance of the year as it has in May the number of visitors to this internationally famed national shrine will reach a new high since the peak year of 1927, according to close observers today.

From the local national park office comes official figures on transient travel into Gettysburg and the national park for the first five months of 1956.

Despite the severe winter weather that prevailed here during January, February and part of March, seriously retarding motor travel, the total number of visitors here during the first five months of this year is only 4,500 short of the number that came to Gettysburg during the same period last year.

Invite Vets Of '63 To Gather Here: '37, '38: Gettysburg's invitation to the Pennsylvania department of the Grand Army of the Republic to hold the 1937 and 1938 encampments in this historic community was extended today at the opening business session in Williamsport.

Today's Talk

SHOW YOUR "OFF SIDE"
It is surprising how many people sell themselves as a merchant does his goods—by putting just the select things in the show window.

When you meet a man under all circumstances, and he rings the bell true every time, then you have something upon which to build.

I like the man who shows his "off side" to me. Somehow his humanity appeals to me and I instinctively trust him, for I know just where to find him.

It doesn't pay to keep anything under cover, for sooner or later what you are will stand out.

If you are "in a hole," put all your cards on the table, state your position and then see how quickly confidence is restored in you.

Show your "off side." It will surprise you to see how thoroughly your finest side will then loom up in importance and worth to those who know you.

One of the best advertising stories I ever read was by Robert Updegraff. Entitled "Obvious Adams" it was the story of a man who, when pushed to the limit as to what to do, just did the obvious thing. And, as an advertising man, his business grew by leaps and bounds.

The old maxim says: "Stick to truth, and don't be done!" When you are really yourself, showing off every side of your nature and concealing none of your faults, there is nothing for you to apologize for.

The obvious thing for us all in our daily conduct is to do what we feel is the right thing to do, and to be the thing that we are most.

Never be afraid to show your "off side."

Tomorrow Mr. Adams will talk on the subject: "On Parking Your Worries"

THE PROMISE OF JUNE
June has kept her promise.
When we mourned last year,
When we saw her roses bloom
And wilt and disappear,
Saw them beaten earthward
By the driving rain,
June looked up and whispered:
"They'll come back again."June, who saw our sadness
When the roses fled,
Bade us bravely journey,
Mourning not the dead,
"They are only sleeping."
Smiling, whispered June,
"Mourn not their departing;
You shall see them soon."June has kept her promise.
Now in pink and red
And white the roses blossom
Everywhere we tread.
Now we kiss their petals,
Now we smell their breath,
Now we hear them whisper:
"Lose your fear of death."

Eastern League

By THE ASSOCIATED PRESS

The Springfield Giants are off on a new winning streak in the Eastern League, hiking their lead to 4½ games, and doing it with their famous come-from-behind rallies.

The Giants Tuesday night swept both ends of a doubleheader from Reading, 4-3 and 5-4, for their 10th and 19th one-run victories this year. That's more than half of their total 37 victories so far.

The twin-kill allowed Springfield—now with a four-game win streak—to pick up two full games on second-place Binghamton which dropped a doubleheader to Williamsport, 7-6 and 9-5. In other action Johnstown took two games from Lancaster, 10-6 and 4-0.

TO LAW FOR
PENNANT BID

By GEORGE ESPEY

PHILADELPHIA (AP)—Manager Danny Murtaugh of the Pittsburgh Pirates said today that as soon as sore-shouldered right-hander Vern Law gets well enough to pitch "we'll make our presence known."

"Naturally, Law has a tremendous effect when he's able to pitch," Murtaugh said of last year's 20-game winner who helped the Pirates take the National League pennant and a world championship.

Meanwhile, it appeared that Harvey Haddix and Bobby Shantz may have to carry the pitching load for the Pirates, who are in fourth place, 5½ games from the top. Last year this time they were four games in first.

BEATS PHILLIES

"Haddix has been pretty good most of the year," Murtaugh said of the little left-hander Tuesday night after he beat Philadelphia 6-2 for his fifth victory against two losses.

Haddix, who was 4-3 this time last year, had a four-hit shutout going into the ninth when the Phillies scored two runs on four hits. Eloy Face came on to preserve the victory. Shantz, acquired last year, is 4-1 so far. Murtaugh said he'll continue to use him as a spot starter and reliever.

The Pirates hitting seems to be as adequate as last year with Don Hoak leading the NL with a .347 average and Roberto Clemente and Dick Stuart up high. Hoak and Stuart each contributed a home run in Tuesday night's victory which sent Art Mahaffey (.67) down to his fourth straight defeat.

LOSS HURTS BUCS

But the loss of Law, who hasn't been in regular rotation and who can't work a full game, and Bob Friend's recent slump have hurt the Pirates.

Law, who was 10-2 at this date last year, is only 3-4 today. He has won his last two starts but hasn't been able to complete the games. What makes it worse is that he can't pitch every four days as he did a year ago.

Friend is 7-7 but on this date a year ago he was 8-3. In his last 12 starts Friend hasn't been able to complete a game.

Law, whose last start was June 11 in which he worked five innings and beat San Francisco, said he doesn't know when he'll be ready to work again.

"I'd go out and pitch tomorrow if he (Murtaugh) put my name in the lineup and I don't think he would," said Law.

SHOULDER STILL SORE

"I can still go five or six innings and do a good job but then my shoulder gets to bothering me," he said. "I worked out a little bit Monday. I could throw pretty good but I can still feel the soreness. It's right above the arm pit."

"They (specialists in Pittsburgh) gave me some injections and I'm taking some heat treatments. But one of the injections missed the sore spot by about an inch. I'm convinced I have a torn muscle and if it's that only permanent rest will heal it."

Law said he expected he would receive more injections upon his return to Pittsburgh Friday and after that he would wait and see what happens. He said he believes cold weather has been a key factor in the soreness.

"The Alamo," starring John Wayne, Richard Widmark and Frankie Avalon will be shown Sunday at the drive-in. The \$12 million production is in technicolor and is produced and directed by John Wayne.

Yanks Regain 2nd Place; Tigers Edge Washington

By ED WILKS
Associated Press Sports Writer

Roger Maris hit his 26th home run as the New York Yankees defeated Kansas City 6-2 Tuesday night and replaced Cleveland in second place in the American League pennant race. Detroit retained a 1½-game lead, however, with a 5-4 victory at Washington. Cleveland lost 5-3 to the Chicago White Sox.

Boston made it six straight by beating the Los Angeles Angels 11-8. Minnesota defeated Baltimore 5-4.

The Yankees beat the A's with three-run bursts in the third and fifth innings. Mickey Mantle's single drove in the clincher in the third. Maris' homer, off loser Joe Nuxhall, and Bill Skowron's two-run double took care of the scoring in the fifth.

KALINE AT THIRD

Al Kaline, an outfield star playing his first game at third base, drove in two runs for the Tigers, bringing in the winner with a fifth-inning single. Kaline, filling in at third while Steve Boros and Chico Fernandez nurse leg injuries, handed two chances perfectly in the field.

The White Sox, climbing into sixth place with their 11th victory in 12 games, beat the Indians with a five-run first inning. J. C. Martin's three-run homer capped the outburst that handed seven-game winner Mudcat Grant his first defeat.

Rookie Carl Yastrzemski drove in five runs for the Red Sox with a home run and three singles in his first four trips. Bill Monbouquette (7-6) was the winner, but needed relief after giving up home runs by Leon Wagner, Earl Averill and Steve Bilko.

A ninth-inning homer by pinch-hitter Julio Becquer did for the

TIGERS MOVE AL KALINE TO 3RD BASE POST

WASHINGTON (AP) — "Maybe after they see me play third base for one game," said Al Kaline, "they won't want to see me there any more."

But it didn't turn out so badly Tuesday night for the veteran Detroit outfielder as he played in the infield for the first time in his professional career.

Manager Bob Scheffing made the shift because of injuries to third baseman Steve Boros and shortstop Chico Fernandez. Boros is expected to be back in the lineup in a day or two, then Kaline will go back to the outfield.

LEADS ATTACK

Kaline socked a double and a single, each driving in a run, and scored once as the first place Tigers defeated Washington 5-4. Kaline was not very busy in his first game at third base after eight seasons in the outfield. He had only two chances, retiring Billy Klusaus on a pop foul in the third and throwing out Gene Green in the seventh.

The Detroit manager said before the game he had no hesitation in tapping Kaline for the new job.

"He can play anywhere," said Scheffing. "He's a good ballplayer, as long as he can hit."

BOLLING HAS BEST CHANCE AT STAR SPOT

MILWAUKEE (AP) — Although overshadowed by such slugging teammates as Eddie Mathews and Hank Aaron, second baseman Frank Bolling appears the Milwaukee Braves' best bet for all-star recognition.

A 261 hitter in six years with the Detroit Tigers in the American League, Bolling has become a feared batter in his initial season with the Braves. And he insists the National League has better pitching.

Bolling cracked his 10th homer leading off the eighth inning Tuesday night to enable the Braves and southpaw Warren Spahn to edge the San Francisco Giants 2-1.

HITTING STREAK

Bolling's homer, which cleared the fence close to the left field foul pole, extended his hitting streak to 11 straight games. It also bettered his home run output of nine last season with Detroit.

"I think the National League has better pitching than the American League and I really respect it," Bolling said. "I just can't give any definite reason for my hitting. I don't know what I'm doing different—but I don't want to change now." In 57 games with the Braves, Bolling has collected 73 hits for a .319 batting average. He has scored 44 runs and driven in 31.

Late Model Stocks To Race At Grove

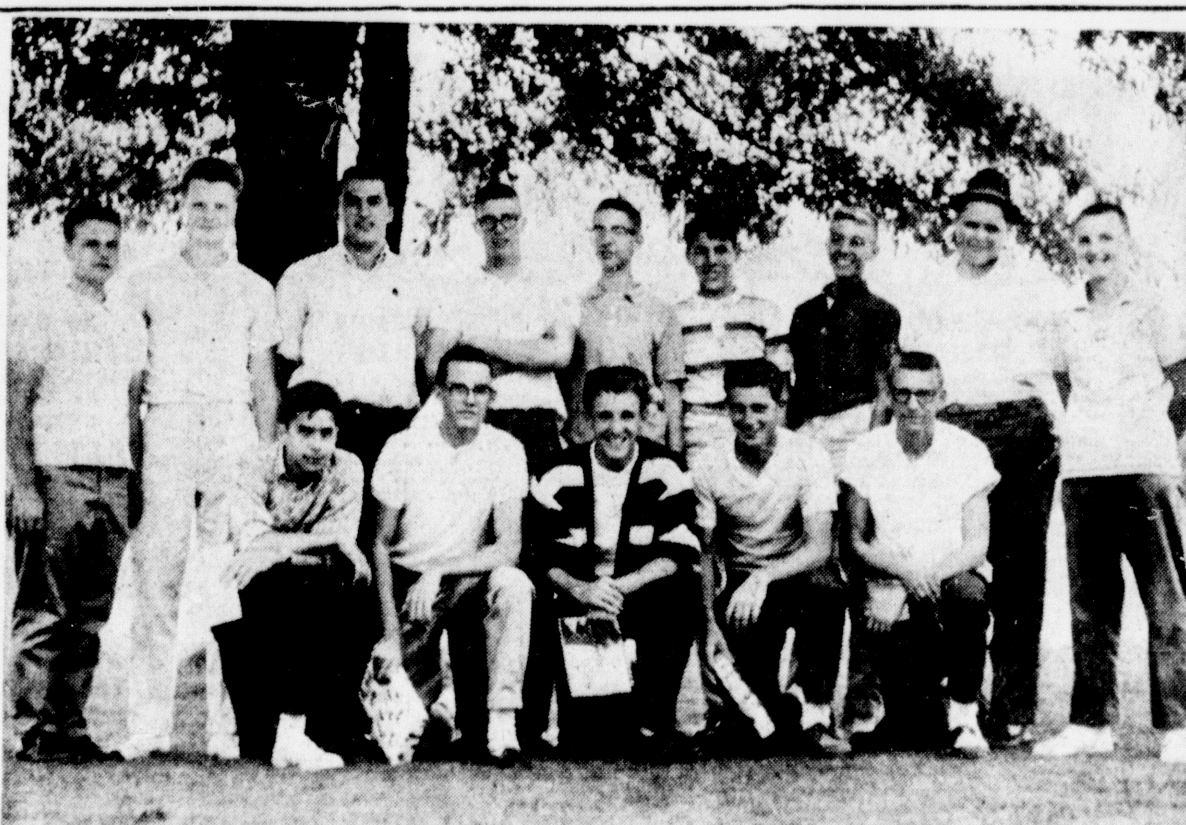

WILLIAMS GROVE—Hailed as the "World Challenge Sweepstakes," late model stock car racing under the U. S. Auto Club banner returns to the famous Williams Grove Speedway this coming Sunday afternoon.

Indianapolis "500" veterans and USAC's top late model chauffeurs have flung a challenge "to all comers" for the classic, a six-event program to be climaxed with a grueling 100-lap feature grind starting 24 cars.

Among the "500" veterans in action will be Paul Goldsmith, of St. Claire Shores, Mich., driving a '61 Pontiac, and Bill Cheesebour, Tucson, Ariz., with a '59 Ford.

In order to qualify, all cars must be 1961, '60 or '59 late models of American manufacture. The "invitational challenge" has already been accepted by Frankie Thompson, of Shrewsbury, the Grove's 1959 modified stock car champion and current point standing leader for the '61 crown.

Columbia University's 1962 baseball team will be captained by Doug Bohoboy, 20, from Boonton, N. J. He's a 6-foot-2 first baseman.

Fourteen boys took part in the sixth annual junior golf tournament conducted Monday by the Gettysburg Junior Chamber of Commerce on the Gettysburg County Club course with Dick Crist repeating his 1960 title by firing a 76 to edge Greg Maitland who recorded a 77. END HOUSTON GOLF REIGN

LAFAYETTE, Ind. (AP)—Ohio State's Jack Nicklaus and Purdue University's team today had ended the University of Houston's dominance of American collegiate golf in recent years—maybe.

Nicklaus, 1959 amateur champion, won the NCAA medal Tuesday with a pair of 70s and Purdue closed out Houston's five-year reign as team champion.

Houston's Dick Crawford, national collegiate champion the last two years, put 80 against an opening round 75 and it wasn't good enough to qualify for the 64-man match play beginning today.

ONLY ONE IN TRIALS

The Texas school got only one man through the trials, but he is Homero Blancas. Texas Open and All-American Intercollegiate champion, and well able to defend his school's prestige all by himself.

Purdue won the team title with a four-man total of 584. Slim Mark Darnell paced the Boiler-makers with 68-73-141, second only to Nicklaus' score.

Upper Adams Little League

The Bendersville Yankees remain as the lone undefeated team and league-leaders as the result of defeating the Biglerville Phillies 12-9 Tuesday evening at Bendersville.

Yankees

Batteries: Phillies, Rice, Guise and McCauslin; Yankees, Joe Forsythe and Van Clark.

A pair of home runs by Jay Swisher highlighted the 19-7 victory gained by Bendersville Pirates over the Bendersville Braves at Bendersville.

Swisher smashed a two-run homer in the fourth and followed up with a grand slam circuit blast in the sixth.

Bushey and Walde formed the winning battery while Heller and Dixon worked for the losers.

The Biglerville Red Sox whipped the Bendersville Cardinals 11-2 at Biglerville to move into a three-way tie for second place.

Only One SP Game Scheduled Tonight

Only one of the six scheduled twilight games in the South Penn Baseball League will be played this evening, Bonneville at Ardenville.

Inability to secure umpires from the organization supplying officials was given as the reason for the postponement.

RISE STARS ARE U. S. BET

LONDON (AP) — Stocky Chuck McKinley and teen-ager Karen Hantze, two of America's rising young tennis stars, will lead the U. S. challenge at the Wimbledon championships next week.

That was officially decided Tuesday when McKinley, 20-year-old from St. Louis, and Miss Hantze, 18-year-old from Chula Vista, Calif., were the only American seeders for the English tennis classic. Both were placed eighth in their respective divisions.

McKinley, fourth-ranked in the United States, will be trying for the men's title that has eluded American tennis aces since Tony Trabert copped the big prize in 1955.

The top spot in women's singles is held by Sandra Reynolds of South Africa, who drew the No. 1 seed due to the absence of ailing defender Maria Bueno of Brazil.

BUFFALO, N. Y. (AP)—John Solenberger of Hershey has been re-elected chairman of the Board of Governors of the American Hockey League.

At the same time Tuesday, the board named Solenberger to a three-man committee to screen candidates for a new league president. Richard F. Canning, who is now president, says he will retire from his post as soon as a successor can be elected.

GETTYSBURG LITTLE LEAGUE

A one-hit shutout performance by Rotary ace hurler Johnny Flynn, gave the Rotary team a thrilling 2-0 decision over the Glenn L. Bream team, Tuesday evening. The victory pushed the winners back into first place in the league standings.

Flynn sailed through the six innings giving up but a lone single to Tom Mowery in the bottom of the second. He also struck out nine batters and walked two. John Heiser, Bream pitcher, turned in a fine job but was charged with the loss. Heiser, depending strictly on his excellent fast ball, struck out eight, walked three and gave up seven safeties.

The Rotary scored once in the first frame when Flynn took second via a two-base error, advanced to third on a wild pitch and scored on another miscue. The second run came in the fifth on Flynn's single, a double by Ken Gebhart and a walk to Jim Allison, loading the bases. Scott Moorhead then beat out an infield single allowing Flynn to score.

Ken Gebhart, Scott Moorhead and Bob Davies each collected a pair of safeties in the winning cause.

Fairfield Little League

Dennis Rebert and Steve Newman combined to toss a four-hitter and give the Braves a one-sided 27-4 decision over the Yankees Tuesday evening.

Robert struck out 13 batters and Steve Newman struck out two and walked only one. Crist and Lobingier tossed for the losers.

The Braves' big inning came in the fifth when they tallied 12 times. The 12 runs came on eight hits including a two-run homer by Larry Hull. Hull was the big gun for the Braves as he blasted out five hits for six trips to the plate. He also collected a pair of doubles and a single.

PHILS PLAY FARM CLUB

PHILADELPHIA (AP) — The Philadelphia Phillies announced today they will meet Williamsport, their farm club in the Class A Eastern League, in an exhibition game July 24 at Williamsport.

Dave French was a hitting pitcher for Dartmouth this spring. He won only 4 of 10 decisions but hit .359.

Reds Split But Hold Edge; Mahaffey Loses 4th In Row

By ED WILKS
Associated Press Sports Writer

The Cincinnati Reds split a two-night doubleheader with St. Louis Tuesday night, but remained in first place by 1½ games in the National League pennant race. The Reds won their sixth in a row with a 4-3, 11-inning victory in the opener, then lost 6-3 as the Cards ended Joey Jay's winning streak at eight games.

The Los Angeles Dodgers took over second, winning 3-0 at Chicago behind the two-hit pitching of Sandy Koufax. San Francisco

slipped to third with a 2-1 defeat at Milwaukee as Warren Spahn won No. 296 with a four-hitter. Pittsburgh beat Philadelphia 6-2.

Conewago Little League

Allen Staub and Ken Wierman teamed up in a real pitchers' duel as the last place Moose edged the league-leading Nailers 2-1 Tuesday evening in a Conewago Little League contest.

Staub received credit for the win as he struck out 13 batters and allowed three hits. Wierman, charged with the loss, gave up only four hits and fanned 14.

The Moose scored in the second on a pair of walks and a long double by Al Staub. The eventual winning run crossed the plate in the fourth on a walk and a hard hit bouncing ball by Bob Culgan.

The Nailers picked up their lone run in the fourth. After Wierman batted out a hit, Staub walked three consecutive batters to force in the tally.

Emmitsburg Little League

Two home runs and ten walks buried the Yanks under an avalanche of runs as Steve Wivell pitched the Cards to a 9-2 win in Emmitsburg Little League play Tuesday. Denny Hess and Johnny Sherwin pounded homers for the Cards and Pat Topper had one for the losers. Wivell, a lefty who kept the ball around the strike zone all evening, was rarely in trouble.

PLAY DEADLOCKED

The Varsity Diner and state police softball teams battled to a 6-6 deadlock Tuesday evening on the Gettysburg College field, darkness halting the game.

Michigan State and Southern California will play a home-and-home football series for the first time in 1963 and 1964.

All desiring to receive instruction should register with the instructor, Robert Furney. Tonight's tennis program will be from 6 to 9 o'clock.

HOLD FIFTH PLACE

The Cardinals, hanging on to fifth place by mere percentage points over Milwaukee, tagged Jay (8-4) for eight of their 12 hits in the nightcap. Charlie James drove in two runs, bringing in the clincher with a double in a two-run sixth inning.

Cincinnati blew a 2-0 lead in the opener when Carl Sawatski hit a three-run pinch homer off Jay Hook in the seventh inning. But the Reds bounced back and tied it in the ninth on a pinch single by Jerry Lynch, then beat reliever Bob Miller (1-1) when he forced home a run with a bases-loaded walk in the 11th.

Three singles, by John Roseboro, Maury Wills and Charlie Neal, and an error gave the Dodgers all three runs in the seventh and beat Glen Hobbie (4-8). Koufax (10-3), the first pitcher to win 10 in the NL this season, didn't allow a hit until Ernie Banks singled with two out in the seventh.

LAOTIAN MEET INTERRUPTED; PHOUMA IS ILL

By ANDREW BOROWIEC
ZURICH, Switzerland (AP)—The three Laotian princes interrupted their conference Tuesday because one of them was ill, but their chief aides met in an effort to iron out some of the differences between the warring factions.

A spokesman said Prince Souvanna Phouma was suffering from a "slight indisposition" but was expected to be recovered by Wednesday.

The working committee was made up of Quinim Pholsena, representing Souvanna Phouma; Gen. Phoumi Nosavan from the pro-Western royal government in Vientiane; and Phoumi Vongvichit of the pro-Communist Pathet Lao rebels.

DOUBT AGREEMENT

Pro-Western Laotians expressed doubt that the conference of rival princes would be able to agree on a coalition government for their strife-torn Asian kingdom.

"The disagreement is very deep," said a spokesman for the Vientiane group. "I don't have much hope of success. If the talks break down, war will start again in Laos."

The conference, now in its second day, apparently was snagged over Prince Souvanna Phouma's demand that Gen. Phoumi Nosavan, strongman of the pro-Western royal government in Vientiane, get out of the army if he wants to have a post in any government of national unity.

NO MILITARY MEN

Souvanna Phouma, the self-styled neutralist expected to head any coalition formed, said he wants no military men in his regime. He indicated he might accept Phoumi if the general gives up command of the 23,000 American-equipped royal troops who constitute his main strength.

Phoumi—whose army seized the capital of Vientiane last year and drove Souvanna Phouma, then premier, into exile—showed no indication of complying with Souvanna's condition.

A spokesman for Phoumi said he had "no hope" that the Zurich talks would be successful.

The aim of the Zurich negotiations is to lay down general principles for a coalition made up of Souvanna's neutralists, the pro-Communist Pathet Lao rebels headed by Prince Souphanouvong, and the conservative royal government in Vientiane. The East-West conference on Laos in Geneva is marking time to see if the three factions can agree.

BUCKER CONFIRMED

HARRISBURG (AP)—The Senate has unanimously confirmed Robert M. Bucker of Philadelphia to be a trustee of the Eastern Pennsylvania Psychiatric Institute.

John Walters paced Dartmouth's lacrosse team with 30 goals and 17 assists this spring.

BACKS PLAN TO PROMOTE MILK

HARRISBURG (AP)—Gov. Lawrence has pledged his administration's support of efforts to strengthen milk promotion in Pennsylvania.

"As the dairy industry grows, expands and modernizes," the governor said Monday at a milk promotion luncheon, "its effect is felt in the purchase of new equipment, the use of transportation and in newer more efficient methods of packaging."

To continue to expand, he said, "we must devote a portion of our time and effort to the development of new and improved marketing techniques. We must explore new ideas for the use of milk in consumer goods."

"We must promote milk consumption in industries and in recreation areas."

Lawrence also praised the state's Milk Control Law—often a center of controversy—as "a beneficial and highly workable law."

Paper Plant Fire Jams Road Traffic

UPPER DARBY, Pa. (AP)—Many suburbanites driving to work in Philadelphia Tuesday from Delaware County ran into a monumental traffic jam because of a fire in an abandoned paper company plant.

Firemen strung hoses across Providence road—a main traffic artery—to fight the blaze in the old Hudson Paper Co. The plant is being dismantled and firemen theorized that acetylene torches of workmen probably set off the blaze.

U. N. TRIBUNAL MAY CONSIDER SPY CHARGES

By MILTON BESSER

UNITED NATIONS, N.Y. (AP)—The U.S.-Czechoslovak spy case dispute may go to a special arbitration tribunal.

Czechoslovakia Monday rejected a U.S. demand for the expulsion of Miroslav Naclavac, counsel at the Czech mission to the United Nations.

The Communist diplomat had charged that American intelligence agents tried to recruit him as a spy. Washington counter-charged that he had been spying for his Red government and demanded that he leave the country.

CZECH PROTEST

The Czech mission to the United Nations protested the espionage charge and requested the U.N. secretariat "undertake the necessary intervention with the U.N. government."

Czechoslovakia takes the position that since Naclavac is with a mission accredited to the United Nations but not the United States, the U.S. government cannot kick him out.

The Czech stand indicated the dispute may go to an international tribunal provided for by the 1947 U.S.-U.N. agreement giving U.N. headquarters on Manhattan's East Side a special status.

The agreement stipulates that a diplomatic dispute not settled by negotiation will go to an international tribunal of three arbitrators for final decision.

In the past, the United States has successfully demanded the removal of Soviets employed by the United Nations on grounds of espionage. But Naclavac, No. 3 man at the Czech mission, is not a U.N. employee.

F. COSTELLO CHANGES JAILS

NEW YORK (AP)—Racketeer Frank Costello finished serving an income tax evasion sentence Tuesday and smiled though his troubles with the law were far from over.

The 67-year-old underworld figure was simply transferred from federal to state custody to serve a brief sentence for contempt of court.

When he serves that, he faces federal action to deport him to Italy.

Costello served 42 months on the income tax evasion charge—a five year sentence with time off for good behavior.

A contempt sentence of 30 days was imposed in 1957 for Costello's refusal to explain the meaning of a figure-filled memo found in his clothing after he had been wounded in an assassination attempt.

Authorities implied the figures represented gambling winnings.

MAKES NOMINATION

Tells How Jeff Chandler Fought

HOLLYWOOD (AP)—"For five desperate weeks," said his rabbi, actor Jeff Chandler struggled against death—"struggled as no man I've ever known struggled."

Rabbi Albert M. Lewis told a throng of mourners Monday that the tall, husky actor "pitted all his great strength against his illness."

"But then the Sabbath came—the day of rest of his people."

Chandler, 42, died Saturday of blood poisoning. He had been in critical condition after three successive operations.

Eight hundred persons, including many film and sports celebrities, attended the rites at Temple Isaiah. Many more stood silently outside the temple.

RAIN IN MANY AREAS CHASES LAST OF SPRING

By THE ASSOCIATED PRESS

A wide area of the nation received a chilly soaking with heavy rains on this last day of spring, but the downpours in Texas were easing up a bit.

Although summer officially starts Wednesday at 8:30 a.m. EST, a cold front still lingered today and stretched from northern New York State southwest through northern Indiana to the Oklahoma Panhandle and north-west across east central Colorado and central Wyoming.

CHICAGO DRENCHED

Thundershowers dropped 1.08 inches of rain on Chicago in little more than an hour and the temperature skidded from 84 to 67. In six hours 1.10 inches fell at Quincy, Ill. 90 at Willow Run Airport in Detroit; 4.05 at Lafayette, La., and 1.58 at the naval air station in New Orleans. Mobile, Ala., measured 1.25 inches in six hours.

Readings in the 40s and 50s were common in the upper Great Lakes, upper Mississippi Valley, the eastern Dakotas, Nebraska and along the Pacific Coast. The 80s prevailed in southern Florida and the central and southern plateau regions.

Needles, Calif., reported 107 while Pellston, Mich., recorded a chilly 39.

Rickover Views Stir Middle Boss

ANNAPOLIS, Md. (AP)—The superintendent of the U.S. Naval Academy says he does not agree with Vice Adm. Hyman G. Rickover that the military academies should be reformed or closed.

Rear Adm. John F. Davidson, through the academy's Public Information Office, Monday released a "no comment" statement which also said, "in general, he does not agree with Adm. Rickover's views regarding the Naval Academy, as stated in the newspapers the superintendent has seen."

Rickover, 61, in secret testimony before the House Appropriations Committee last month, called for the abolishment of the service academies unless drastic steps are taken to improve them.

FOUR RECEIVE AWARDS

Four area men received awards during a recent incentive program held at Letterkenny Ordnance Depot. James W. Myers, R. 3, received two awards totaling \$65 while Ralph E. Steick, Littlestown, received \$35; Ray E. Shindler, R. 2, \$20, and Elwood E. Laughman, also of Gettysburg, received \$15.

UNIONS BRAWL ON HANDLING DEFENSE LOAD

NEW YORK (AP)—Unions in the national maritime strike, already in stormy seas in negotiations with company representatives, now are finding rough waters in relations with each other.

Important military cargoes appeared today as a dividing element as the paralyzing walkout increased its grip on the nation's shipping as well as industrial concerns ashore.

Slightly more than 100 ships—about one tenth of the nation's merchant fleet—lay immobilized in more than 30 ports on the Atlantic, Gulf and Pacific coasts as the strike entered its fifth day with no indications of an early settlement.

MILITARY CARGOES

The military cargoes question jumped into the picture Monday when Joseph Curran, president of the National Maritime Union accused an officers' union of refusing to clear ships for movement of the cargoes.

Curran told his union that the Marine Engineers Beneficial Association had not sent a delegate to meetings of a clearance committee that decides on legitimacy of armed forces requests for movement of defense cargoes.

He said that the failure is giving labor a "black eye" and added that it endangered the cause of all unions involved in the strike and central Wyoming.

The spokesman for the engineers' union. The spokesman said the union last Saturday made arrangements of its own with the Military Sea Transport Service for the movement of defense cargoes.

Shipping sources reported that four United States Lines freighters were held up in Baltimore and Philadelphia. They were scheduled to carry military cargo out of New York.

Buying a
USED CAR?

Timely Tips That Can
Help Protect Your
Investment!

1. Choose your dealer carefully.
2. Buy only from a well established reputable dealer.

3. Buy only from a dealer who maintains his own adequate facilities to service the car you buy.
4. Insist on a WARRANTY in writing that can be "backed up."

4. **DEALER IS YOUR BEST BET**
Most new car dealers sell locally owned trade-ins, not Used Cars obtained from Auto Auctions or distress merchandise from large cities.

5. **Insist on knowing where the Used Car came from.** "Ask

who was the previous owner." Most new car dealers will be happy to tell you and invite you to contact the previous owner.

7. New Cars bought from Used Car Dealers . . . REMEMBER

CONGO RIVALS MAP UNIFIED GOVERNMENT

LEOPOLDVILLE, the Congo (AP)—The rival Congo regimes of President Joseph Kasavubu and Antoine Gizenga announced agreement today that the Congo Parliament would reconvene on June 25 at Lovanium University, on the heights outside Leopoldville, in an effort to form a unified government.

The delegates from the rival Leopoldville and Stanleyville regimes, holding planning sessions here, agreed that all Congolese should deposit their arms in a U.N.-guarded warehouse during the forthcoming session of Parliament.

The representatives also agreed that all members of Parliament would be housed at Lovanium during the session and they would be allowed no contact with the outside world.

In a joint communique the two delegations asked the United Nations to use its good offices to persuade the secessionist regime in Katanga Province to participate in the Parliament, whose aim is to unify the Congo, end strife and put the country back on the road to becoming a real nation.

The United Nations has agreed to prevent any arms, money or other negotiable instruments from being taken into the precincts of the university, and all telephone lines to Lovanium are to be cut, delegates agreed.

Kennedy Cancels Trip To Hawaii

WASHINGTON, (AP) — President Kennedy stayed home to nurse his back injury Monday night while Mrs. Kennedy filled in for him at a banquet date with women reporters.

The back strain that caused Kennedy to miss the annual banquet of the Women's National Press Club also contributed to cancelling his scheduled flight to Hawaii next week.

Both dates were called off Monday. The White House said Kennedy's recuperation had advanced to a stage where he did not want to risk aggravating the condition. The same explanation was given a week ago when Kennedy skipped a speaking engagement before the U.S. Conference of Mayors.

PARIS (AP)—A fifth French General has been stripped of his rank and sentenced to prison for his role in the abortive Algerian army mutiny against President Charles de Gaulle in April.

Air force Gen. Jean Nicot, in charge of the air force in Metropolitan France at the time of the rebellion, drew a 12-year sentence Monday. He was charged with helping Gen. Maurice Challe enter Algeria to start the uprising.

Challe and two other generals, Andre Zeller and Pierre Bigot, have been sentenced to 15 years each. Ex-Gen. Andre Peti got five years.

TOKYO (AP) — Peiping radio said Tuesday winter wheat crops in four northern China provinces have been menaced by drought for the third straight year.

It gave no figures as to the size of the harvest or crop losses.

SAYS CAPSULE LOOKED LIKE A "DOOR KNOB"

PEARL HARBOR, Hawaii (AP) — Discoverer XXV's capsule "looked like a big brass door knob somebody had shined for hours," to the three U.S. Air Force parascuemen who recovered it.

"I still can't believe it has happened, after all the waiting and waiting," said Sgt. William V. Vargas, 30, one of the recovery team.

Vargas, of Detroit, Mich., and his teammates leaped into the Pacific from 1,000 feet to recover the data-filled capsule Sunday.

They were returned to Pearl Harbor Monday night aboard the destroyer Radford, after being plucked from a bobbing raft on which they had kept an all-night vigil with the capsule.

It was the first time the Air Force used parascuemen—paratroopers who turn skindivers when they hit the water—to retrieve a Discoverer capsule. It was the fifth re-entry package recovered in the Discoverer series.

The capsule, sealed in a canister, was put aboard a C130 cargo plane and flown to Sunnyvale, Calif., for examination by space scientists.

The other parachuting skindivers were Sgt. Ray E. McClure, 31, Mount Sterling, Ky., and T. Sgt. Leote M. Vigare, the jumpmaster, North Hollywood, Calif.

Land Acquisition Bill Being Changed

HARRISBURG (AP) — Senate Democrats are reported ready to try to remove some of the objections to land acquisition provisions in a bill revamping the state highways code.

The measure, which passed the House without amendment, was quietly returned to the Senate Highways Committee Monday.

The controversial section would permit the Highways Department to condemn land for future as well as present needs.

A source close to the committee said the bill would be amended to require an agreement from a land owner before the state could require the property.

KENNEDY MAY NAME TAYLOR

NEW YORK (AP) — President Kennedy is seriously considering the appointment of Gen. Maxwell D. Taylor as White House military adviser, the New York Times said Tuesday and announcement of the appointment is expected this week.

A Washington dispatch to the newspaper said the appointment would, in effect, revive the post of personal chief of staff to the commander in chief. This post was originally held by Fleet Adm. William D. Leahy under Presidents Franklin D. Roosevelt and Harry S. Truman.

Taylor, 59, was called to Washington after the unsuccessful Cuban invasion to conduct an inquiry for Kennedy into the nation's intelligence activities. He is on leave as president of the Lincoln Center for the Performing Arts in New York City. Taylor was Army chief of staff from 1953 to 1959.

Lab Blast Kills 1; 2 Are Injured

INDIAN HEAD, Md. (AP)—A young chemical engineer was killed and two of his assistants were injured Monday night in an explosion in a laboratory at the naval propellant plant.

A Navy spokesman said John Boyd III, 24, Youngstown, Ohio, was completing research on propellants when the explosion occurred at 6:59 p.m., killing him. Injured were Dennis C. Hudson, 19, of Indian Head, and Charles H. Adams, 18, Valley Lee, Md. They were treated at the base dispensary and released.

Body and his assistants were the only persons in the laboratory when the explosion occurred. A spokesman said damage to the laboratory building was minor.

NEW PILLS ARE FEATURED IN MEDICAL NEWS

By THE ASSOCIATED PRESS

New pills for diarrhea, brain radios, and ant buttons figure in the medical news.

FRIENDLY GERMS

Pills containing billions of dried but still-living bacteria look promising for treating diarrhea caused by virus infections or by antibiotics.

The pills supply new colonies of lactobacillus acidophilus, a friendly germ normally existing in the human intestine. Through competition, they help keep down the numbers of other germs which cause diarrhea knock down the population of lactobacilli. The pills are designed to restore the balance, two Chicago physicians report.

BRAIN RADIOS

A tiny radio transmitter is successfully broadcasting the brain waves of a cat to a recorder 100 feet away.

Placed under the skin of the animal's head, the thumbnail-sized radio permits free, normal movements, with no interference or stress from electrodes planted in the head with their wires dangling off to the recorder.

Tulane University researchers who developed the device hope it will prove useful in studying reactions of human mental patients. And, they said, the transmitter could be designed to send electrical impulses into the brain to burn out selected nerve centers and thus kill severe pain of cancer or other diseases.

ANT BUTTONS

Ants are attracted by the sweet taste of poisons distributed about in the form of buttons, or cups. But so are young children, and pets. Connecticut's Poison Information Center tells of five babies and young children poisoned by them in a single month, and urges parents to take precautions.
